Gates

Garden Gates ~ Field Gates ~ Driveway Gates

We pride ourselves on offering the most extensive range of high quality timber gates in the area. From garden gates to bespoke driveway gates, estate gates to field gates – we have something for all applications.

Supplied pressure treated

Each of our three centres feature well stocked shops with a huge range of gate ironwork, supported by well trained staff with years of specialist knowledge and experience.

We operate a traditional joiners shop at our Midgley centre, where expert craftsmen hand-build the vast majority of our extensive range.

Whether you require a gate to provide security, privacy, or simply to complement your home, we're confident that we can provide the right solution for you.

Ironwork, Hinges, Catches and Security

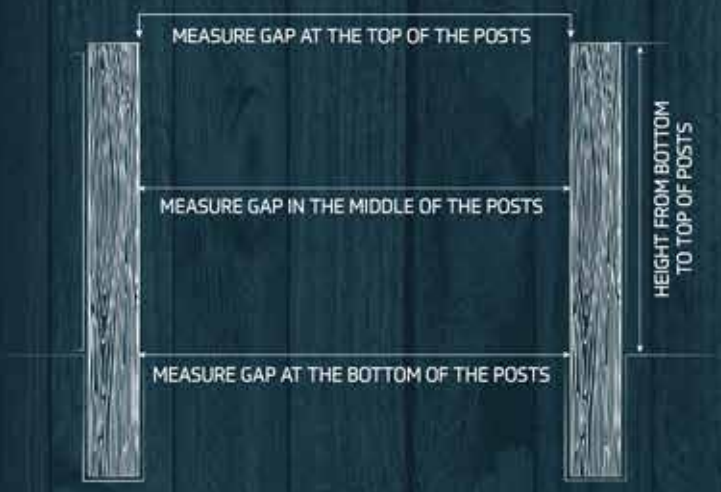
We have a huge range of gate hanging sets and padlocks.

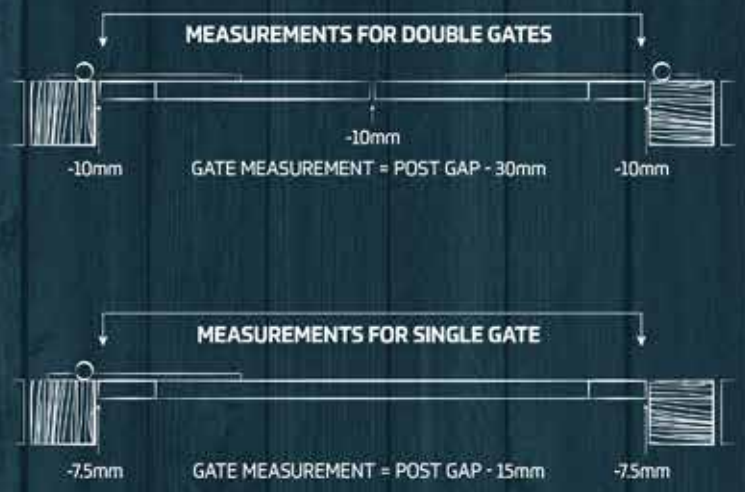
Please ask in store for any specific requirements or a recommendation on which ironwork will suit your specific gates.

How To Measure
For Bespoke Gates

To ensure accurate results, we always recommend installing gate posts before the measurements for bespoke gates are taken.

Once the gate posts are in place, take three measurements from between the posts – top, middle, and bottom – and reduce the SMALLEST measurement by 30mm for driveway gates, or 15mm for single gates. This measurement is now the width of gate required, providing a neat fit while allowing for the natural swelling that is a feature of timber gates. Don't forget to allow for 40-50mm of clearance beneath the gate too.





Measuring for and fitting gates is not easy and should only be undertaken by competent DIY'ers or tradesmen. The above is only a guide and does not consider a huge range of variables that can impact upon gate size and hanging technique.

If in doubt, why not consider our **Approved Contractor Fitting Service** to complete the job?

Approved Contractor Fitting Service

While many of our customers love to DIY, if you don't have the time or the necessary skills, we have the perfect solution.

We've put together a carefully selected group of specialist contractors able to undertake almost any project. We know our approved contractors deliver fantastic workmanship, using high quality materials supplied by us. From all types of fencing work, to decking and gate installation, through to complete garden makeovers, we'll be able to turn your dream into reality.

Speak to a member of staff at your nearest centre about the project you have in mind, and we'll arrange for the ideal contractor to contact you and provide a quotation.

Driveway Gates

FULLY BESPOKE AND MADE TO ORDER!

At Earnshaws, we've carefully designed our range of driveway gates to suit every taste and requirement. Whether you're looking for privacy, security, or simply want to create a grand entrance, we're confident that we can craft the perfect pair of driveway gates for your home.

- **Manufactured by us**. All our driveway gates are manufactured at our Midgley centre by expert joiners using time-honoured, traditional techniques.
- **Fully bespoke**. We know that every driveway is different, so we don't stock 'standard size' gates. Our driveway gates are manufactured to your exact requirements, so there's no need to compromise on fit.
- **Top quality comes as standard**. We're proud of our driveway gates – that's why every pair is constructed from premium, hand picked materials and given the care and attention they deserve.
- **On-site displays**. Read every specification on the internet that you can – but there's really no substitute for touching and feeling our driveway gates. We've assembled a comprehensive selection of display models at each of our centres so you can judge our gates for yourself.
- **Dedicated, on-site gate experts**. Whether your local Earnshaws branch is at Midgley or Brigg, we have well trained staff at each of our sites to inform and advise at every turn.

All prices are inclusive of VAT.
All loyalty card holders get £25 allowance towards ironwork with every gate order.

Tankersley

Handcrafted in our workshops using premium grade joinery redwood, the Tankersley range combines high quality materials and traditional workmanship with fantastic value. Choose from three available styles – Square, Omega, or Bow top. Please note that the Tankersley range is supplied untreated and will require a good quality treatment before fitting – ask us about our range of quality treatments and stains.

All of our driveway gates are manufactured to your exact requirements. Take your required height and overall width for the pair of gates, and calculate your price using the grid below. For intermediate sizes, please price using the next size up eg for 2.9m, use 3.0m price.

H \ W	2.4m	3.0m	3.6m	4.2m

Earnshaws Sustainability Programme

At Earnshaws we have always had a strong interest in ecological and environmental matters. From sourcing our material to managing our woodland, we have always worked to the very best practice. We always try to minimise fuel miles on all our outward deliveries and purchases, and try to source locally wherever possible.

Interbranch Transfers

You will normally find we have what you are looking for in stock at our centres. However, from time to time less popular lines may only be in stock and in bulk at our Midgley Centre. We will happily transfer the stock you need for collection at your nearest centre – so please feel free to ask the staff on site. If you are looking for a very specific line or a large quantity please phone ahead to check that it's in stock.

Some timber products will develop checks which are splits across the grain; this is perfectly natural as the timber dries and will not reduce the strength of the timber. As timber is a natural product it has the potential to move with the atmospheric conditions and we cannot be held responsible for this movement. In the very rare occasion where there is a proven manufacturing defect, Earnshaws' liability shall in no circumstances exceed the price of the timber affected. Earnshaws shall not in any way be held responsible for any additional consequential costs or losses.

Prices correct at the time of going to press, but are subject to change without prior notice. All goods remain the property of the vendor until full payment has been received.
