The Middleton

Traditional log cabin built especially for you

Three easy steps to the perfect building, designed to fit your requirements.

STEP 1 Pick the size of your cabin.

All our buildings are built from 135x45mm section interlocking log, no skimping on timber here. Our floors are a substantial 28mm thick boarding and our roofs are made from 21mm interlocking boards rather than cheaper sheet material.

When picking your wall sizes please allow for 500mm clearance around the building. All sizes are maximum lengths to the outside of the building and include the full overlapping notch. For internal measurements, reduce the given size by 250mm. The roof boards are covered in a high grade black polyester felt as standard. Upgrade options include red or green felt.

Basic shell includes:

Cabin walls, floor joists, roof joists, floor boards, roof boards, felt, fascias and fitting.

- Section specifications: Log (135x45mm), floor (115x28mm) and roof (115x21mm).
- Cabin measurements are for the total length of boards including overhang. For external wall measurements deduct 170mm; for internal measurements deduct 260mm.
- Chalet roof profile. Front canopy overhang 550mm. Eaves overhang varies with pitch.

		EXTERNAL WIDTH							
		2.55m	3.15m	3.6m	4.2m	4.8m	5.1m	5.4m	5.7m
EXTERNAL DEPTH	2.55m	£3299	£3629	£4019	£4349	£4569	£4729	£4949	£5389
	3.15m	£3629	£3959	£4349	£4569	£4949	£5119	£5279	£5609
	3.6m	£4019	£4349	£4569	£4949	£5279	£5389	£5499	£5939
	4.2m	£4349	£4569	£4949	£5279	£5499	£5719	£5829	£6269
	4.8m	£4569	£4949	£5279	£5499	£5829	£6049	£6109	£6549

	5.7m	£5389	£5609	£5939	£6269	£6549	£6709	£6819	£7099

To estimate internal dimensions, subtract 260mm from external dimensions

PLEASE NOTE: All cabins are made to order to your exact requirements. For intermediate sizes please estimate price using the above guide eg. for 3.5m use 3.6m price.

STEP 2 Pick your door.

Whichever you choose, rest assured all our doors are built to a superior, insurance specification – no light duty shed doors on our cabins.

Please be aware that all buildings are supplied untreated and require prompt treatment post fitting. We cannot be held responsible for any damage caused by lack of treatment. All timber products have the ability to move or split, this is perfectly natural and shouldn't reduce the strength or suitability of the board. We hand choose all our materials but in the unlikely case of serious defects we will replace the defective area though our liability is limited to the defect and we cannot be held responsible for any consequential costs or losses.

Prices correct at the time of going to press, but are subject to change without prior notice. All goods remain the property of the vendor until full payment has been received.
